

The SALUTE

QUARTERLY NEWSLETTER OF THE ASSOCIATION OF THE UNITED STATES ARMY REDSTONE-HUNTSVILLE CHAPTER VOL 22 ISSUE 2 Spring 2022

AUSA Redstone-Huntsville Chapter Coin Celebrates Women in Service

By Presley Price

Association of the United States Army Redstone-Huntsville Chapter
Vice President, Digital Communications

Each year, the Redstone-Huntsville Chapter of the Association of the United States Army releases a chapter coin to commemorate the year. In years past, the chapter coins have celebrated the anniversary of the Apollo 11 Moon Landing, chapter accolades, and other major milestones.

This year, the chapter coin was designed to celebrate women in service to our Nation's Army. The Women's Auxiliary Army Corps (WAAC) was established in 1942 "for the purpose of making available to the national defense the knowledge, skill, and special training of women of the nation."

This year marks the 80th anniversary since the organization was approved by Congress and signed into law by President Franklin D. Roosevelt.

This era marked the first time in history that all branches of the military enlisted women in their ranks.

The coin features Pallas Athene, the WAAC symbol and Greek goddess of victory and womanly virtue. The front of the coin reads, "Celebrating Women in Service to Our Army Since 1942."

The coin holds additional significance because the chapter is currently under the leadership of President Rhonda Sutton, the chapter's third female president. Two other women have served as President of the Chapter, Kris McBride (2013-2015) and Emily Vandiver (2005-2007).

Additionally, earlier this year during a Huntsville City Council meeting, Mayor Tommy Battle proclaimed 2022 as the "Year of the Girl." Finally, on May 28, 2021 Christine Wormuth was sworn in as the 25th (and current) Secretary of the Army, the first woman to serve in the role.

About WAAC

On May 16, 1942, Oveta Culp Hobby was sworn in as the first director of WAAC. She immediately began organizing the WAAC Training Center. More than 35,000 women from all over the country applied for less than 1,000 anticipated positions. Within one year of the WAAC establishment, more than 400 jobs were open to women.

In January 1943, U.S. Representative Edith Nourse Rogers of Massachusetts introduced identical bills in both houses of Congress to permit the enlistment and commissioning of women in the Army of the United States, or Reserve forces, as opposed to regular enlistments in the U.S. Army. This would drop the "auxiliary" status of the WAAC and allow women to serve overseas and "free a man to fight."

CHAPTER COIN

2022

President Franklin D. Roosevelt signed the legislation on July 1, 1943, which changed the name of the Corps to the Women's Army Corps (WAC) and made it part of the Army of the United States. This gave women all of the rank, privileges, and benefits of their male counterparts.

President's Message

The chapter has been busy the first quarter of 2022 lining up several impressive events for our members and the community!

Those who have visited the U.S. Veterans Memorial Museum here in Huntsville are aware of the wonderful collection of military-related artifacts and displays it houses.

The mission of the USVMM is to honor all who have served in our Nation's Armed Forces, educate the public about the sacrifices and contributions by veterans, support veteran-related events, activities, and groups, and preserve history and heritage.

The museum is a great resource to North Alabama but needs our support to renovate and expand their facility to better serve our community.

The Redstone-Huntsville Chapter along with the Army Heritage Center Foundation are hosting an evening with General David Petraeus, USA Retired on April 19th at the Von Braun Center North Hall.

The event is to raise funds for the expansion of our museum. Details are in this issue if you have not yet purchased your tickets.

Additional events include our quarterly pizza luncheon at the Tut Fann State Veterans Home where we honor those who take care of our state's veterans.

We also invite our Community Partners up to the Ledges for our first ever HASBAT/AUSA joint member day. Enjoy refreshments, and network with other business members in the community and hear from professional golfers on the Korn Ferry Tour as part of the Huntsville Championship.

The Army Reserve Breakfast will also occur during the month of April.

You will find all details of these great chapter events on the calendar in this issue.

It is not too soon to begin thinking

about Army Birthday.

This year's dinner will be on June 9th and music provided by the 313th Army Band! More details will be available soon on our website and social media sites.

Over the past month now, we have all witnessed the humanitarian crisis that has unfolded in Ukraine. Thousands of U.S. Troops have deployed to Europe joining those already stationed there.

My thoughts and prayers are with our troops, their families, our NATO allies and the millions of displaced Ukrainian refugees and citizens as they fight for freedom in their homeland.

May God bless you and those you love and keep you safe until we see one another at an upcoming event soon.

Army Strong!

Rhonda Sutton

AUSA Redstone-Huntsville and Army Heritage Center Foundation Partner with General David Petraeus to Expand U.S. Veterans Memorial Museum

By Presley Price

*Association of the United States Army Redstone-Huntsville Vice President,
Digital Communications*

The Association of the United States Army Redstone-Huntsville Chapter will partner with the Army Heritage Center Foundation (AHCF) to raise money to support the Foundation and U.S. Veterans Memorial Museum (USVMM) in Huntsville by hosting “An Evening with General David Petraeus, USA Retired.” The event will be held on April 19th in the North Hall of the Von Braun Center, with a sponsor reception at 6:00 pm and dinner at 7:15 pm. The program titled, “A Tour Around the World” will follow.

General Petraeus is a retired United States Army General and public official. He served as Director of the Central Intelligence Agency (CIA) from 2011 to 2012. Prior to assuming his directorship of the CIA, Petraeus served 37 years in the United States Army. He is currently a partner with KKR and is Chairman of the KKR Global Institute. He serves on the Army Heritage Center Foundation National Advisory Council.

Proceeds from this event will support both the USVMM and AHCF. The USVMM is operated by the Alabama Center of Military History, a nonprofit corporation with IRS 501c(3) recognition. The museum currently operates out of a Huntsville-owned facility that was previously an aircraft hangar and city health clinic. The facility is approximately 12,500 sq ft and houses military-related artifacts and displays dating back from the time of the Revolutionary War to today. Since opening, USVMM has improved the facility and rearranged the space to accommodate as many items as possible. However, the space is now drastically overcrowded, and expansion is necessary to continue offering the best possible tribute to our Nation’s veterans.

The AHCF, in cooperation with the U.S. Army and with generous philanthropic support, builds and expands the U.S. Army Heritage and Education Center (USA-HEC), a component of the U.S. Army War College in Carlisle, PA. The Foundation supports the “Telling of the Army Story . . . One Soldier at a Time” by expanding public facilities, enhancing the Center’s visitor experience, supporting outreach programs and collections, and promoting the Center as a national resource and a major tourist destination.

AUSA Redstone-Huntsville and AHCF are calling on the North Alabama community to participate and sponsor the event to help raise funds for the organizations. For sponsorship information, contact paul.hamilton.pardew@gmail.com. To purchase tickets to this event or donate, please visit www.fundthemuseum.com.

The U.S. Veterans Memorial Museum (Huntsville) Seeks Support to Renovate and Expand

BACKGROUND: The U.S. Veterans Memorial Museum (USVMM) is operated by the Alabama Center of Military History, a nonprofit corporation with IRS 501c(3) recognition. The museum currently operates out of a Huntsville-owned facility that was previously an aircraft hangar and city health clinic. The facility is approximately 12,500 sq ft and houses military-related artifacts and displays dating back from the time of the Revolutionary War to today. Since opening, USVMM has improved the facility and rearranged the space to accommodate as many items as possible. However, the space is now drastically overcrowded, and expansion is necessary to continue offering the best possible tribute to our Nation's veterans.

MISSION: USVMM's mission is to honor all who have served in our Nation's Armed Forces, educate the public about the sacrifices and contributions by veterans, support veteran-related events, activities and groups, and preserve history and heritage.

MUSEUM HIGHLIGHTS:

- The museum has been designated by the State of Alabama Legislature as Alabama's Veterans Memorial Museum.
- The museum has been designated as a Blue Star Memorial Museum and was chosen as the site for both the Blue Star and Gold Star Memorials.
- The museum has maximum Veterans Day Parade participation and hosts an

"Open House" for all veterans, their families and the public afterwards.

- Each year, the museum hosts a Historic Military Vehicle Rally at the facility.
- USVMM provides support to the Memorial Program at the Veterans Memorial.
- USVMM provides support to the Veterans Coalition and Fraternal Organization activities and provides space for the organization's annual meetings.
- The USVMM facility is the home of Madison County Military Heritage Commission and Hall of Heroes.
- Members of the U.S. Army Command and General Staff College conduct leadership classes at the museum.
- USVMM provided logistics support for 12 Tennessee Valley Honor Flights that took a total of over 1,300 World War II veterans to the World War II Memorial in Washington D.C.
- The museum provides support to the Army Material Command and has supported many events and ceremonies at Redstone Arsenal, such as change of commands and Redstone Arsenal's 75th Anniversary.
- The museum has hosted many reunions, school groups and veterans groups.

The USVMM is a great resource to North Alabama but needs our support to renovate and expand their facility to better serve our community. We hope that you will consider donating to their worthy cause.

Chaplain's Corner

The Association of the United States Army honors all our veterans, past present and future. In fact our Huntsville Chapter is committed to supporting all our veterans observances, the latest of which is Vietnam Veterans Day.

The Vietnam War Veterans Recognition Act of 2017 was passed by Congress and signed into law by President Donald Trump establishing March 29th as a national day to recognize the patriotism of Vietnam Veterans.

President Trump issued a presidential proclamation in 2017 which stated, "To ensure the sacrifices of the 9 million heroes who served during this difficult chapter of our country's history are remembered for generations to come, I signed into law the Vietnam War Veterans Act of 2017, designating March 29th of each year as National Vietnam War Veterans Day. Throughout this Commemoration of the 50th Anniversary of the Vietnam War, and every March 29th

thereafter, we will honor all those who answered our nation's call to duty."

Vietnam Veterans Day honors three groups of people, first the 58,276 men and women, who gave their lives for our country in Vietnam whose names are engraved on the Vietnam Veterans Memorial in Washington; also those Vietnam Veterans who have passed away, as well as those Vietnam Veterans we honor who remain, living in our communities.

As Chaplain for the Redstone-Huntsville Chapter of AUSA, I am honored to be a Vietnam Veteran who commanded a company of our soldiers in combat. I'm also Chaplain for Chapter 1067, Vietnam Veterans of America. This week I am honored to take part in ceremonies for Vietnam Veterans Day in Huntsville and Decatur.

May the Lord Bless you!

Jim Henderson

COMMUNITY PARTNER HIGHLIGHT

TekFive helps federal agencies do more with less in the areas of automating the software development lifecycle, automating infrastructure and cloud provisioning, and managing enterprise application portfolios. We offer our customers proven technical solutions within the Federal space in the areas of DevSecOps, Application Portfolio Management, Agile software development and mobile services.

We partner with our teammates in the pursuit, identification, capture, win, and execution of complex IT government contracts with our past performance and domain knowledge in IT automation, cloud mobile solutions, and enterprise software development. In addition, we are fully committed to each phase of our valued teammates' solicitation gateways, to include data calls, workshops, and pricing; our goal is early and accurate responses and the sharing of domain knowledge to ensure the win. TekFive specializes in complex Information Technology (IT) auto-

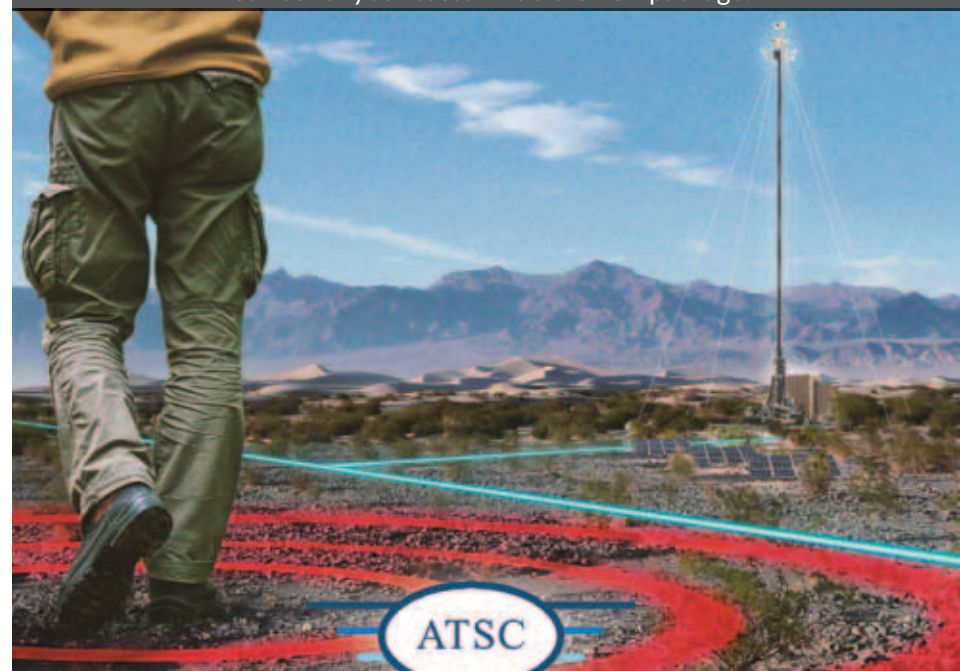

mation, allowing our partners to produce higher quality software at lower cost and in less time. Our proven, cost reducing DevSecOps approach brings automation and security compliance to the software development life cycle within the federal space. We provide all the above, along with a valued set of socioeconomic qualifications that include Service-Disabled Veteran Owned Small Business (SD-VOSB) and Small Disadvantaged Business (SDB) Minority Owned.

TEKFIVE: "WE AUTOMATE IT".
