U.S. PACIFIC COMMAND SURGEON OVERVIEW

2017 AUSA Medical Symposium
25 July 2017
RADM Brian Pecha
Command Surgeon

OVERALL CLASSIFICATION OF THIS BRIEF IS:

UNCLASSIFIED

Command Mission

- USPACOM protects and defends, in concert with other US government agencies, the territory of the United States, its people, and its interests. With allies and partners, we will enhance stability in the Indo-Asia-Pacific region by promoting security cooperation, responding to contingencies, deterring aggression, and, when necessary fighting to win.

Summary

- USPACOM and it's components continue to have a robust and effective Global Health Engagement Program that supports the USPACOM Commander's priorities.
- Health engagements have evolved over the last 5 years from largely direct patient care to enhanced focus on building partner nation capacity, capability and interoperability.
- Army is a big contributor to the USPACOM Global Health Mission.
